Dr. Mee-Lee is a leading expert on co-occurring substance use and mental disorders with over 40 years experience in person-centered treatment and program development for people with co-occurring mental health and substance use conditions. He is a Board-certified psychiatrist, certified by the American Board of Addiction Medicine (ABAM), and is Chief Editor of The ASAM Criteria. He has also co-authored instruments for individualized treatment planning including the Recovery Attitude and Treatment Evaluator (RAATE) and the Level of Care Index (LOCI).

This workshop will review the underlying concepts and the six dimensions of The ASAM Criteria as well as inform participants about what is included in the ASAM Criteria continuum of care. The focus will be on improving clinical and systems application of The ASAM Criteria. Participants are encouraged to bring clinical and care management cases to focus application of The ASAM Criteria.

Learning Objectives:

1. Review the underlying principles and concepts of The ASAM Criteria and the current third edition.
2. Apply ASAM Criteria multidimensional assessment in assessment, treatment planning and care management.
3. Discuss program and systems changes necessary to truly implement the spirit and content of The ASAM Criteria.
